# January Movement of Good Merchandise at Saving Prices

Good merchants, whether in the wholesale or retail trade, know that activity means life. It's better to start a new season with new goods even if a sacrifice in prices has to be made on the passing season's merchandise. We and the people with whom we do business proceed on this principle—the result is seen in the remarkably good values now on sale in this store. Desirable merchandise is offered at great price inducements this month—some of it in broken lots, but in many instances the goods consist of the entire output of mills and manufacturers.

## Three Days' Sale of Notions and Dressmakers' Supplies at Cut Prices

The semi-annual event in a store noted from its beginning twenty-two years ago for good values in notions.

We've grown and expanded in many ways during these years, but we've never grown away from fidelity to little things. Tomorrow we begin a three days' sale of Notions and Dressmakers' Supplies—articles needed at once for spring sewing. The values are at top-notch and the prices at rock-bottom.

## Demonstration of "Wear-Ever" Aluminum Ware for Cooking

Aluminumware will last a lifetime with ordinary care, but that isn't the only reason for using it in the kitchen by any means.

There isn't anything to equal it in hygienic advantages. Food will not stick to the bottom or sides of the vessels; will not burn; no rusting; no greasy pans; easily cleaned and always looks well.

Aluminum costs a little more at first than ordinary cooking utensils, though not as much as some folks think, but it's by far the cheapest in actual dollars and cents in the long run.

Its hygienic advantages, however, outweigh everything else. Demonstration begins to-morrow in our house-furnishings department.

## New Linens

From Dunfermline

The little Scottish city of Dunfermline isn't a big place, as cities go now-a-days.

There's not a village or town in all the world, however, where people know quite as much about the weaving of fine linens as in Dunfermline.

The mills of James Mathewson & Son stand first in the excellence of their product in this wonderful linen weaving centre.

There's not a housewife in Great Britain that doesn't know the Mathewson linens.

But few houses in this country are favored with the Mathewson Linens, and the Miller & Rhoads store is perhaps the only one south of Philadelphia that carries this line.

New shipment just arrived through the custom-house. We import direct, which saves us at least 20 per cent. Quite a number of patterns.

Table Cloths begin at \$2.50 for 2x2-yard sizes, with twoscore prices between those figures and the 2x4-yard sizes at \$13.00.

Napkins, 20-inch sizes, \$2.75 up to 31-inch sizes, \$15 a dozen.
